Ducklington, Curbridge and Lew deserve better

After presiding over the greatest fall in living standards on record, the Conservatives have abandoned Ducklington, Curbridge and Lew.

It's time for a change. As part of a Labour team, I will build a better future for our local communities.

I will work to get the government and Thames Water to upgrade our water and sewage systems.

I will get potholes fixed and work for safer footpaths and cycle lanes.

I will support free parking, which is particularly important for local village communities.

I will campaign for safety on the roads through our villages with the use of speed indicator devices that display each driver's speed.

Let's end pollution and overdevelopment in our area

Sewage is regularly injected into our streams and the river Windrush. New homes for local families are welcome in the right place, but put a strain on our environment.

Labour fought the Moors development every step of the way, with the District Council's planning committee unanimously opposing the development in March 2022.

Sadly, since the developers won an appeal against our decision and Tory MP Robert Courts is missing in action, the Moors may be lost.

My pledge to you is that I will oppose future destructive developments and make sure all ongoing developments pay for their infrastructure. I also want to see safe footpaths and cycle paths across our villages, paid for by developers and the government.

"Building a better future for our local communities."

MY PLEDGES TO YOU

HERE FOR THE COMMUNITY

I will be a voice for Ducklington, Curbridge and Lew all year round—not just for election season.

CLEANING UP AFTER THE TORIES

The Tories have capitulated to water company CEOs time and again, allowing them to inject raw sewage into our precious waterways. I will work tirelessly to upgrade our sewage system.

PROTECTING THE ENVIRONMENT

I am passionate about protecting and restoring our wild spaces and will work closely with the community on local projects to bring back nature.

FIGHTING THE COST OF LIVING CRISIS

The Tories have inflicted the highest tax burden on UK households since the Second World War. Meanwhile Labour has FROZEN your Council Tax.

COMMUNITY SPIRIT

I will support both Parish Council's fantastic work towards improving every aspect of the villages. This includes continually upgrading the playground and sports ground.

I am an Editor based in Witney. Postgraduate studies at the University of Oxford brought me to West Oxfordshire four years ago. I have fallen in love with the local community and would be honoured to represent you.

We know that the people least likely to have existing photo ID are those on low incomes, the young and ethnic minorities. The Tory government knows this too and now demands your ID at polling stations. Please don't let them win: remember your ID on 4th May.

WE'RE BACKING REUBEN OREFFO

I fully support Reuben's keenness to make changes in our village. He is enthusiastic and ready to work hard for us.
Amanda King

I can fully recommend Reuben as a candidate for the District Council. He will work hard for us.

Reuben will be an asset to the Ducklington and Curbridge community. He is full of energy and ready to support the local people.
Rachel Crouch

WHAT HAS LABOUR DONE FOR YOU?

Even when we're not elected, Labour members are delivering for our community. Labour's Rachel Crouch has set up library bus stops in both Ducklington and Curbridge, promoting reading for pleasure and enhancing our community spirit. As your councillor, I will build on this success, working with you on local projects that boost community cohesion, provide services for people of all ages, and protect the environment.

Working for a brighter future for us all in West Oxfordshire
