MY PLEDGES TO YOU

Times are tough. Witney West needs a fresh voice with bold ideas to give people the support they deserve.

PLEDGE ONE

I will fight to **reopen the Deer Park Health Centre** as a NHS GP practice. Since 2017 over a thousand new homes have been built. This will put enormous strain on local health services. It is important to have access to healthcare close to home.

PLEDGE TWO

With a rise in antisocial behaviour people need to feel safe. I will push **Thames Valley Police to increase local policing**. This will deter vandalism, unregistered motorcycle riding and nighttime car cruising.

PLEDGE THREE

Tory and Lib Dem cuts have left our roads in a state. They are an eyesore and cause expensive damage to cars. I will put pressure on County Council to give us the funding we deserve to **fix our roads**.

PLEDGE FOUR

Youth services have been devastated by almost 70% cut since 2011. I will work to open under-used facilities like the joint Cadet Centre in Edington Square all week. **Young people deserve good recreation and learning spaces**. I will work with local talent to provide activities like music workshops and coding clubs.

PLEDGE FIVE

The cost of living is soaring. I will work hard to secure energy conservation subsidies to help Witney West residents **lower their bills**. I will also push for cutting unnecessary lighting on closed commercial spaces.

A Fresh Voice For Witney West

I have lived in Witney for three years. I am proud to call it my home. Working in the charity sector I've seen first hand how the rising price of food, transport and rent affect people. Things are hard for everybody.

I'm standing in Witney West because I am committed to our community. I want to make a real change in Witney. Being a good Councillor goes far beyond these pledges. I will listen to what you have to say about where you live. Your lived experience will help me to make the right decisions. That way we will make changes together; always putting local people first.

The signs of fourteen years of national cuts by the Tories and Lib Dem everywhere. Do you want more of the same? Witney West needs a fresh voice with bold ideas to drive change. **I pledge to work for the better future you deserve.**

Sachin Thorogood,
Candidate for Witney West
